Vol 105 No 5  
November 1972

Official Publication, Central Surgical Association, International Cardiovascular Society and Western Surgical Association

## EDITORIAL BOARD

Richard Warren, MD, Boston  
Chief Editor

Robert M. Goldwyn, MD, Brookline, Mass  
Assistant Chief Editor

Henrik H. Bendixen, MD, San Diego, Calif

Eric W. Fonkalsrud, MD, Los Angeles

C. Rollins Hanlon, MD, Chicago

Edward S. Judd, MD, Rochester, Minn

Donald B. Kettlekamp, MD, Little Rock, Ark

Paul S. Russell, MD, Boston

David C. Sabiston, Jr., MD, Durham, NC

Norman E. Shumway, Jr., MD, Palo Alto, Calif

Robert Zeppa, MD, Miami, Fla

George D. Zuidema, MD, Baltimore

## CONSULTING EDITORS

Viking O. Bjork, MD, Stockholm, Sweden

John B. Kinmonth, MS, London, England

Ernest B. Howard, MD  
Executive Vice-President

Donald F. Foy  
Director, Management Services Division

William J. Kissinger  
General Sales Manager

Louis De Graff  
Advertising Services Manager

Robert A. Enlow  
Circulation Manager

## COVER

The cover illustration is from a 1742 manuscript, which may be translated as, "Secret Book of Acupuncture and Moxibustion." Meridians and acupuncture points are shown over the head, neck and shoulders, related to a variety of diseases and organs.

Please address communications concerning accepted or published communications to: AMA Specialty Journals, 535 N Dearborn St, Chicago, Ill 60610.

## CONTENTS

### EDITORIALS

- The Behavior of Thrombi** 681  
**Trauma to the Ulnar Artery** 682  
D. B. K.  
**Glucose Metabolism After Operation** 683  
J. Stuart Soeldner, MD, Boston

### ORIGINAL ARTICLES

- The Incidence of the Hypothenar Hammer Syndrome** 684  
J. Miles Little, MS, FRACS, and David A. Ferguson, MD, FRACP,  
Sydney, Australia  
Affected 11 of 127 vehicle maintenance men examined.
- Aneurysms and Thromboses of the Ulnar Artery in the Hand** 686  
Lewis H. Millender, MD; Edward A. Nalebuff, MD; and  
Earl Kasdon, MD, Boston  
Six cases reported; trauma involved in all.
- Extrasosseous Osteogenic Sarcoma** 691  
Fred Wurlitzer, MD; Alberto Ayala, MD; and  
Marvin Romsdahl, MD, PhD, Houston  
High malignancy confirmed.
- Initial Management of Severe Open Injuries and Traumatic Amputations of the Foot** 696  
George E. Omer, Jr., MD, and LTC George M. Pomerantz, MD, USA,  
San Antonio, Tex  
Techniques for preserving function.
- Pulmonary Arterial Pressure as a Guide to the Hemodynamic Status of Surgical Patients** 699  
John B. Sharefkin, MD, and John D. MacArthur, MD, Boston  
PA pressure more sensitive than central venous pressure.
- Electrode Complications in Patients With Permanent Cardiac Pacemakers: Ten Years' Experience** 705  
Anthony M. Imparato, MD, and Geun Eun Kim, MD, New York  
Eleven endocardial electrodes were trapped, but method still preferred to epicardial.
- Coronary Artery and Associated Aortic or Major Arterial Atherosclerosis: One-Stage Surgical Management** 711  
Bernard Faidutti, MD; Felicien M. Steichen, MD;  
Francis Thevoz, MD; and Charles J. Hahn, MD, Geneva  
Five patients—all discharged well.
- Correction of Contour Defects of the Face With Dermal and Dermal-Fat Grafts** 715  
Norman Leaf, MD, and Harvey A. Zarem, MD, Chicago  
Autogenous tissue still preferable to synthetics.
- Pneumatosis Cystoides Intestinalis of Adulthood** 723  
Yaacov Wolloch, MD; Moshe Dintzman, MD; and  
Alfred Weiss, MD, Petah Tiqva and Tel Aviv, Israel  
Unusual report of three cases in adults.
- Abdominal Wound Dehiscence: A Technique for Repair With Marlex Mesh** 728  
Wolfgang H. Markgraf, MD, Bay Pines, Fla  
Staged wound closure accomplished in three patients with infected dehiscence.
- Initial Experience With Laparoscopy for Gynecologic Patients in a Teaching Hospital: Report of 100 Cases** 734  
Ann B. Barnes, MD; John P. Welch, MD; and  
Lawrence J. Malone, MD, Boston  
Highly useful in diagnosis of pelvic inflammatory diseases and other conditions.

Contents continued on p 668.

**PUBLICATION STAFF**

Offices: 535 N Dearborn St  
Chicago, Ill 60610

**Hugh H. Hussey, MD,**  
Director

Scientific Publications Division  
American Medical Association

**Advertising Principles.**—Each advertisement in this issue has been reviewed and complies with the principles governing advertising in AMA scientific publications. A copy of these principles is available upon request.

**Subscription Rates.**—The yearly rate of the ARCHIVES OF SURGERY is as follows: United States, US Possessions, Canada, and Mexico—one year, \$12; two years, \$18; all other countries—one year, \$25; two years, \$35. Special price to residents, interns, and medical students in the United States, US Possessions, Canada, and Mexico—one year, \$6. Single copies of the current year and the immediate past year will be \$1.25 each and may be ordered from the Circulation Department, American Medical Association, 535 N Dearborn St, Chicago 60610. Back issues older than two years are available through Walter J. Johnson, Inc., 115 Fifth Ave, New York 10003.

**Change of Address.**—Please notify the publisher at least six weeks in advance, include both old and new address, and a mailing label taken from the most recent copy. Include your new zip code number.

THE ARCHIVES OF SURGERY is published monthly by the American Medical Association, 535 N Dearborn St, Chicago 60610, and is an official publication of the Association, Second-class postage paid at Chicago, and at additional mailing office.

Contents continued from p 666.

**Primary Hyperparathyroidism: Current Diagnosis, Treatment, and Results** 738

George L. Irvin, III, MD; Martin S. Cohen, MD; Roger Moebus, MD; and Daniel H. Mintz, MD, Miami, Fla

A significant incidence of diabetes noted.

**Postoperative Glucose Metabolism in Diabetic and Nondiabetic Patients: The Response of Glucose, Insulin, Growth Hormone, Corticosteroids, Epinephrine, and Unesterified Fatty Acids to Extremity Surgery** 741

Richard E. Lindseth, MD, Indianapolis

Postoperative glucose tolerance curve flattened in diabetics.

**EXPERIMENTAL SURGERY**

**Hepatic Congestion and Bile Secretion** 749

Suleman Sadiq, MD; Sudhakar P. Rao, MD; and Irving F. Enquist, MD, Brooklyn, New York

Experimental hepatic congestion did not increase bile flow.

**Heparin-Bound Aminoethylcellulose as an Antithrombogenic Surface** 752

Edward A. Rittenhouse, MD; Hitoshi Mohri, MD, Dr Med Sci; Dennis D. Reichenbach, MD; and K. Alvin Merendino, MD, PhD, Seattle

Delayed the final thrombus.

**In Vivo and in Vitro Studies of Cardiac Allografts in the Rat: Immunological Enhancement** 756

Sherman G. Souther, MD; Robert O. Gordon, MD; Joost J. Oppenheim, MD; and Edward B. Stinson, MD, Bethesda, Md

Protocol helpful but not so dramatic as for renal allografts.

**Prevention of Reformation of Peritoneal Adhesions: Effect of Oxyphenbutazone, Proteolytic Enzymes From Carica Papaya, and Dextran 40** 761

Brij M. L. Kapur, MS, FRCS, FICS, MAMS; Surinder M. Gulati, MS; and Janak R. Talwar, MS, New Delhi, India

Combination of agents better than any one alone.

**CLINICAL NOTES**

**Giant Prostatic Hypertrophy** 769

Gamil R. Ashamalla, MD, and Abdel M. Ahmed, MD, Los Angeles

The urethra was longer than the cystoscope.

**Congenital Extrahepatic Biliary Atresia** 771

Mary A. Lou, MD; Karl J. Schmutzer, MD; and James F. Regan, MD, PhD, Los Angeles

The patient is well 37 years after a choledocho-duodenostomy at the age of 9 weeks.

**Hyperglycemia Nonketotic Coma After Liver Transplantation** 774

Ernest W. Lampe II, MD; Richard L. Simmons, MD; and John S. Najarian, MD, Minneapolis

Blood glucose levels should be continuously monitored.

**An Operation to Restore Opposition of the Thumb by Nerve Transfer** 777

Robert J. Schultz, MD, and Adrian Aiache, MD, Bronx, NY

Simple, new concept, effective in one patient.

**Acquired Popliteal Entrapment Syndrome** 780

William H. Baker, MD, and Ronald J. Stoney, MD, San Francisco

Followed graft placed medial to medial head of the gastrocnemius.

**Pancreatic Metastasis of Renal Cell Carcinoma Treated by Total Pancreatectomy** 782

Frank M. Guttman, MD, FRCS (C); Melvin Ross, MD; and Claude Lachance, MD, FRCP (C), Montreal

Thirteen years after primary.

<b>Carotid Artery Aneurysm: Review of the Literature and Report of a Case With Rupture Into the Oropharynx</b> Edward A. Rittenhouse, MD; Hubert M. Radke, MD; and David S. Sumner, MD, Seattle Patient's life and neurologic function salvaged by emergency reconstruction.	786
<b>Fogarty Catheter Removal of Cervical Esophageal Meat Bolus: Steak-Eater's Disease</b> Raymond A. Dieter, Jr., MD; David E. Norbeck, MD; Antonio Acuna, MD; and John Rogers, MD, Glen Ellyn, Ill Another effective use of the balloon catheter.	790
<b>Pedunculated Accessory Hepatic Lobe</b> Simon Omanik, MD, CSc, and Ivan Jablonsky, MD, Trenčín, Czechoslovakia Sixth reported case.	792
<b>Removal of Hypernephroma and Inferior Vena Cava: Right Atrial Tumor Thrombus</b> Donald M. Gleason, MD; Robert J. Reilly, MD; Robert M. Anderson, MD; James E. O'Hare, MD; Mark M. Kartchner, MD; and Norman N. Komar, MD, Tucson, Ariz Patient alive and asymptomatic 1½ years later.	795
<b>TECHNIQUE</b>	
<b>Hemodialysis Treatment by Means of a Cadaver Arterial Allograft</b> Joseph Abu-dalu, MD; Israel Urca, MD; Hilkiahu B. Zonder, MD; and Joseph B. Rosenfeld, MD, Petah Tiqva, Israel Yet another useful method of access for hemodialysis.	798
<b>REGULAR DEPARTMENTS</b>	
<b>Letters to the Editor</b>	
<b>The Hazard of Cyclopropane Explosion</b> Richard L. Keenan, MD, New York	802
<b>Utilization of Osmometry in Critically Ill Surgical Patients</b> Hans Chr. Børresen, MD, Oslo	802
<b>Reply</b> David R. Boyd, MDCM, and Robert J. Baker, MD, Chicago	803
<b>Books</b>	
<b>Medical Book Publishing: An Interview</b>	804
<b>Emergency Treatment and Management (Flint and Kane)</b> Reviewed by CAPT Frederick E. Jackson, MC, USN, Camp Pendleton, Calif	805
<b>Current Practice of Biliary Surgery (Kune)</b> Reviewed by Edward S. Judd, MD, Rochester, Minn	806

# Guides to the Evaluation of Permanent Impairment

American Medical Association  
535 North Dearborn Street  
Chicago, Illinois 60610

Please send me \_\_\_\_\_ copy(ies) of **GUIDES TO THE EVALUATION OF PERMANENT IMPAIRMENT, OP-298** at \$5.00 each (\$2.50 for medical students, interns, residents). My payment of \_\_\_\_\_ is enclosed.

Name \_\_\_\_\_

Address \_\_\_\_\_

City/State/Zip \_\_\_\_\_

AS11-72

For the physician involved in the disability rating process: It's complete, up-to-date, authoritative, and indispensable. It covers every conceivable kind of permanent impairment, including mental disorders, that could enter into a disability award. It gives impairment percentages for individual systems and functions, for combined impairments, and for the "whole man": the relationship of impairment to the activities of daily living.
