

**EDITORIALS**

- Captain or Engineer** ..... 917  
Ben Eiseman, MD, Denver

- Free Beer Tomorrow** ..... 918  
James L. Berk, MD, Cleveland

**PAPERS READ BEFORE THE 4TH ANNUAL MEETING  
OF THE NEW ENGLAND SOCIETY FOR VASCULAR SURGERY,  
PORTSMOUTH, NEW HAMPSHIRE, SEPTEMBER 29, 1977**

- Hemodynamic Studies of the Audiofrequency Analysis of Carotid Bruits** ..... 920  
David J. Bouchier-Hayes, MCh, FRCS; Randolph D. Maloney, MD;  
Nancy C. Reidy, RN; William M. Abbott, MD, Boston  
May be helpful in determining the hemodynamic importance of carotid lesions.

- Rational Management of the Asymptomatic Carotid Bruit** ..... 927  
David C. Brewster, MD; Horacio H. Schlaen, MD; Jeffrey K. Raines, PhD;  
William M. Abbott, MD; R. Clement Darling, MD, Boston  
Noninvasive studies help in defining patients who should have arteriography.

- Doppler Ankle Systolic Blood Pressure: Prognostic Value in  
Vein Bypass Grafts of the Lower Extremity** ..... 932  
John D. Corson, FRCS; Willard C. Johnson, MD; Frank W. LoGerfo, MD; Harry L. Bush, Jr, MD;  
James O. Menzoian, MD; David J. Kumaki; Donald C. Nasbeth, MD, Boston  
An increase in Doppler pressure postoperatively correlated with graft patency.

- A Simplified Instrument for Noninvasive Vascular Assessment:  
Results of Experimental Tests With Arterial Stenosis** ..... 936  
David H. Finley, MD, David B. Pilcher, MD, Burlington, Vt  
The pulse wave recorder may be helpful in evaluating arterial stenosis.

**ORIGINAL ARTICLES**

- Breast Biopsy: A Comparison of Outpatient and Inpatient Experience** ..... 942  
George M. Walker II, MD; Roger S. Foster, Jr, MD;  
Catherine P. McKegney; F. Patrick McKegney, MD, Burlington, Vt  
Breast biopsy using local anesthesia is well accepted by  
patients and has cost and time saving advantages.

- Increased Pulmonary Arteriovenous Shunting in Humans Following Blood Transfusion:  
Relation to Screen Filtration Pressure of Transfused Blood and Prevention by  
Dacron Wool (Swank) Filtration** ..... 947  
John Barrett, MD; Ash H. Tahir, MD; Martin S. Litwin, MD, New Orleans  
An increase in pulmonary arteriovenous shunt did not occur with use of Dacron wool filters.

- Limb Salvage by Inverted Y Vein Grafts to Below-Knee Arteries** ..... 951  
Vincent A. Piccone, Jr, MD; Moon W. Ip, MD; Harry H. LeVeon, MD, Brooklyn, NY  
This procedure showed a high initial success rate in a small group of patients.

- Preservation of Erectile Function After Aortoiliac Reconstruction** ..... 958  
Ralph G. DePalma, MD; Stephen B. Levine, MD; Stewart Feldman, MD, Cleveland  
Potency preserved or improved by a nerve sparing dissection.

**EXPERIMENTAL SURGERY**

- Cardiac and Pulmonary Function in Regional Intestinal Shock** ..... 963  
Ulf Haglund, MD; Helge Myrvold, MD; Ove Lundgren, MD, Göteborg, Sweden  
A cardiotoxic factor may be released from ischemic gut.  
Editorial comment by Stephen L. Wangenstein, MD, Tucson, Ariz

- Splenectomy and the Thymic Involution of Increasing Age** ..... 972  
John A. Meyer, MD, John D. Meyer, Syracuse, NY  
The spleen may be a causative factor in involution of the thymus.  
Editorial comment by Jerome J. DeCosse, Milwaukee

**THE ARCHIVES OF SURGERY** is published monthly by the American Medical Association, 535  
N Dearborn St, Chicago, IL 60610, and is an official publication of the Association. Second-class postage  
paid at Chicago, IL 60610 and at additional mailing office.

## CONTENTS—Continued

- Potassium Cardioplegia: An Alternate Method of Intraoperative Myocardial Protection**..... 976  
Ruel N. Wright, MD; Sidney Levitsky, MD; Kodem S. Rao, MD;  
Charles Holland, PhD; Harold Feinberg, PhD, Chicago  
Potassium cardioplegia alone did not provide adequate protection in this study.
- Role of Portal Venous Blood Supply From the Pancreas in Maintaining Hepatic Functional Reserve: Appraisal of Warren's Shunt Operation** ..... 981  
Yoshio Yamaoka, MD; Mamoru Sato, MD; Kenichi Kimura, MD;  
Hidenari Takasan, MD; Kazue Ozawa, MD, Shizuoka, Japan  
Further evidence in animals that the distal splenorenal shunt preserves functional liver activity.

## CLINICAL NOTES

- A Treatment Plan for Rapid Assessment of the Patient With Massive Blood Loss and Pelvic Fractures**..... 986  
John M. McAvoy, MD, John H. Cook, MD, Los Angeles  
Immediate arteriographic embolization was life-saving.
- Adenocarcinoma of the Small Bowel Associated With Crohn's Disease** ..... 991  
Arlen Holter, MD, Josef E. Fischer, MD, Boston  
Carcinoma with Crohn's disease occurs in a younger age group and more frequently in the ileum.
- Cholecystocele: A Congenital Anomaly of the Gallbladder** ..... 994  
John G. Allison, MD, MBChB, FRCSEd, FCS(SA), Cape Town, South Africa  
A rare anomaly presenting as a large hepatic cyst or abscess.
- Mesenteric Fibromatosis in Gardner's Syndrome** ..... 998  
Constantine P. Karakousis, MD; Richard A. Berjian, DO;  
Reynold Lopez, MD; Uma Rao, MD, Buffalo, NY  
The majority of mesenteric desmoid tumors develop after colectomy for this syndrome.
- Intestinal Obstruction Due to Phytobezoars: Observations in Two Patients With Hypothyroidism and Previous Gastric Surgery** ..... 1001  
David Mangold, MD; Gerald L. Woolam, MD; Raul Garcia-Rinaldi, MD, PhD, Houston  
Prior pyloroplasties may have allowed the bezoars to leave the stomach.  
Editorial comment by Alton Ochsner, MD, New Orleans

## TECHNIQUES

- Left-sided Colectomy With Retroileal Colorectal Anastomosis** ..... 1004  
John L. Rombeau, MD, Martinez, Calif; John P. Collins, MB, BS, FRACS, Melbourne;  
Rupert B. Turnbull, Jr, MD, CM, Cleveland  
A short transverse colon can be brought into the pelvis for anastomosis through a window in the mesentery.
- Transposed Basilic Vein-Brachial Arteriovenous Fistula: A Reliable Secondary-Access Procedure**.. 1008  
Frank W. LoGerfo, MD; James O. Menzoian, MD; David J. Kumaki; Beldon A. Idelson, MD, Boston  
An alternative fistula using native forearm vessels.

## REGULAR DEPARTMENTS

- Calendar of Events** ..... 1012
- News and Announcements** ..... 1012
- Correspondence and Brief Communications** ..... 1014  
**Spontaneous Rupture of the Spleen in Lymphoma** E. D. DeLoach, MD; Fred G. Shealy, MD; Herman Delancy, MD, Savannah, Ga . . . **Efficacy of Preoperative Antibiotic Therapy in Wound Infection** Michael S. Slade, MD, Fair Lawn, NJ, Peter J. Morris, MD, PhD, Oxford, England . . . **A Method for Rapid Identification of Distal Arterial Tree in Massive Soft-Tissue Injury** Pravin M. Shah, MD, Bronx, NY
