**A New Look for the 1977 Red and Blue Books**

Those familiar **Red and Blue Books**, published by the American Medical Association's Center for Health Services Research and Development, now have new size. . .new format. . .new data. As a result, you will find them more useful and convenient than ever. Here's a closer look at the 6th annual edition of these authoritative volumes:

**Profile of Medical Practice 1977 (Red Book)**

The focus is on characteristics of medical practice such as physicians' work patterns, professional expenses, and net income from medical practice.

**Socioeconomic Issues of Health 1977 (Blue Book)**

A combination of the latest data on the U.S. health services delivery system and essays on topical health issues.
