EDITORIALS

- Endoscopic Papillotomy: A Plea for Rational Restraint** 991
Murry G. Fischer, MD, Charles K. McSherry, MD, New York

- Who Is the Brother That I Should Keep?** 992
William T. Newton, MD, St Louis

ORIGINAL ARTICLES

- Colonic Complications of Acute Pancreatitis** 995
Herand Abcarian, MD; Mohammed Eftaiha, MD; Avram R. Kraft, MD; Lloyd M. Nyhus, MD, Chicago
Pseudo-obstruction, necrosis, hemorrhage, fistulae, and ischemic colitis may occur.

- Duodenal Ulcer: Its Treatment by Parietal Cell Vagotomy at the Time of Cardiovascular Operation** 1004
Ferenc L. Korompai, MD, Ronald H. Hayward, MB, ChB, Temple, Tex; Paul H. Jordan, MD, Houston
Since the gastrointestinal tract was not entered, this approach could be safely combined with cardiovascular procedures.
Editorial comment by Lloyd M. Nyhus, MD, Chicago

- Attempted Enhancement in Patients Undergoing Renal Allograft Transplantation: Lack of Long-term Sensitization** 1007
William T. Newton, MD, Charles B. Anderson, MD, St Louis
Three of four patients had no rejection episodes after pretransplant donor antigen exposure.

- Pancreatitis Associated With Thiazide Administration: A Role for the Parathyroid Glands?** 1013
Jack Pickleman, MD, Maywood, Ill; Francis H. Straus II, MD, Chicago; Edward Paloyan, MD, Maywood, Ill
A potential cause for pancreatitis in patients without gallstones or alcoholism.

- Urinary Tract Infections in Kidney Transplant Recipients** 1022
Don E. Ramsey, MD; W. Tyree Finch, MD; Alan G. Birtch, MD, Springfield, Ill
Patients with nephrectomy had an increased incidence of infection, but no persistent infection.

FIFTH ANNUAL MEETING OF THE NEW ENGLAND SOCIETY FOR VASCULAR SURGERY, DIXVILLE NOTCH, NH, SEPT 29, 1978

- Variable Manifestations of Vascular Injury During Lumbar Disk Surgery** 1026
David C. Brewster, MD; Andrew R. L. May, FRCS; R. Clement Darling, MD;
William M. Abbott, MD; Ashby C. Moncure, MD, Boston
Acute hemorrhage or arteriovenous fistula are the principal manifestations of such injuries.

- Obturator Canal Bypass Grafts for Septic Lesions of the Femoral Artery** 1031
M. David Tilson, MD; Thomas Sweeney, MD; Richard J. Gusberg, MD; Horace C. Stansel, MD, New Haven, Conn
The obturator bypass is a simple and effective method for dealing with vascular infection in the groin.

- Predicting Success of Forefoot Amputations in Diabetics by Noninvasive Testing** 1034
Gary W. Gibbons, MD; Frank C. Wheelock, Jr, MD; Carl S. Hoar, Jr, MD;
John L. Rowbotham, MD; Carol Siembieda, RN, Boston
Clinical judgment was the best predictor of operative success.

- Prophylactic Interruption of the Inferior Vena Cava: Immediate and Long-term Hemodynamic Effects** 1037
Stephen M. Korwin, MD; Allan D. Callow, MD; David Rosenthal, MD; C. Bruce Ledig, MD;
Ralph A. Deterling, Jr, MD; Thomas F. O'Donnell, Jr, MD, Boston
Prophylactic IVC interruption during aortic operations decreased embolism without producing venous problems.

- Positive Blood Culture as an Aid in the Diagnosis of Secondary Aortoenteric Fistula** 1041
David Rosenthal, MD; Ralph A. Deterling, Jr, MD; Thomas F. O'Donnell, Jr, MD; Allan D. Callow, MD, Boston
The triad of GI bleeding, prior aortic surgery, and enteric organisms on blood culture indicates this diagnosis.

THE ARCHIVES OF SURGERY (ISSN 0004-0010) is published monthly by the American Medical Association, 535 N Dearborn St, Chicago, IL 60610, and is an official publication of the Association. Second-class postage paid at Chicago, IL 60610 and at additional mailing office.

CHANGE OF ADDRESS: POSTMASTER, send address changes to Helen R. Mazur, Director, Circulation-Fulfillment. Notification of address change should be sent at least six weeks in advance, including both old and new address and a mailing label taken from the most recent copy. Include your new zip code number.

SUBSCRIPTION RATES: The rates for the ARCHIVES OF SURGERY are as follows: for members of the AMA, \$1.50, included in the annual membership dues; for nonmembers, \$24 for one year, \$40 for two years

in the United States and US possessions; all other countries, \$34 for one year, \$60 for two years. Special yearly price to residents, interns, and medical students in the United States and US possessions, one year, \$12; two years, \$20. Address all subscription communications to Circulation-Fulfillment Department. Phone: 312, 751-6079.

ADVERTISING OFFICES: 535 N Dearborn St, Chicago, IL 60610, Area Code 312, 751-6675; and 600 Third Ave, New York, NY 10016, Area Code 212, 867-6640.

ADVERTISING PRINCIPLES: Each advertisement in this issue has been reviewed and complies with the principles governing advertising in AMA scientific publications. A copy of these principles is available on request.

CONTENTS—Continued

- Limitations of Noninvasive Evaluation of Carotid Occlusive Disease** 1049
John B. Herrmann, MD; Mohan Korgaonkar, MD, Bruce S. Cutler, MD, Worcester, Mass
A combination of two separate noninvasive techniques improved diagnostic accuracy.

- Simplified Splanchnic Artery Revascularization Using Extra-anatomic Bypass Grafts: A Report of Ten Cases** 1052
Keith A. Wichterman, MD, Horace C. Stansel, Jr, MD, New Haven, Conn
Saphenous vein grafts from the external iliac artery avoid the diseased aorta.

EXPERIMENTAL SURGERY

- Basic Requirements of Pancreatic Mass for Transplantation** 1058
Luis H. Toledo-Pereyra, MD, PhD, Detroit; Javier Castellanos, MD; Guillermo Manificao, MD;
Richard C. Lillehei, MD, PhD, Minneapolis
More than 20% of the pancreas seemed necessary for satisfactory endocrine function.
Editorial comment by John A. Mannick, MD, Boston

- Portal Hypertension After Bile Duct Obstruction: Effect of Bile Diversion on Portal Pressure in the Rat** 1064
Dominique Franco, MD; Michelle Gigou; Anne-Marie Szekeley, MD; Henri Bismuth, MD, Villejuif, France
Portal hypertension by prolonged bile duct obstruction persisted after bile diversion.
Editorial comment by Robert Zeppa, MD, Miami

CLINICAL NOTES

- Acute Diverticulitis of the Transverse Colon With Perforation: Report of Three Cases and Review of the Literature** 1068
Edward T. McClure, MD, John P. Welch, MD, Hartford, Conn
This unusual entity is often thought to be appendicitis preoperatively, and carcinoma during the procedure.

- Right Paraduodenal Hernia: A Source of Chronic Abdominal Pain in the Adult** 1072
Kevin Turley, MD, San Francisco
The method of repair depends on the size of the defect and extent of herniation.

- Chronic Pseudo-obstruction Secondary to Side-to-Side Intestinal Anastomosis** 1075
Jacob Walfish, MD, Albert Frankel, MD, New York
Chronic small bowel obstruction after side-to-side anastomosis despite a patent anastomosis.

- Giant Diverticula of the Sigmoid Colon: A Review of Differential Diagnosis and Operative Management** 1079
James J. Gallagher, MD, John P. Welch, MD, Hartford, Conn
Subserosal perforation of a diverticulum with air trapping is the best explanation for this phenomenon.

- Repair of Massive Inguinal Hernia: With Pneumoperitoneum and Without Using Prosthetic Mesh** 1087
James Forrest, FRCS, Birmingham, England
Daily insufflations of air for 11 to 13 days provided the accommodations needed for repair.

REGULAR DEPARTMENTS

- Correspondence and Brief Communications** 1091
Surgeon's Role in Patient Care: A Reply Charles P. Nicholson, Jr, MD, Morehead City, NC . . . **Ankle Systolic Pressure Index and Early Vein Graft Failure** Richard H. Dean, MD, Nashville, Tenn, Frank W. LoGerfo, MD, Boston . . . **'Railroad Track' Operation** Charles O. Brantigan, MD, Denver, Eric W. Fonkalsrud, MD, Los Angeles . . . **Presence of Myofibroblasts** Denys Montandon, MD, Geneva, Stephan Ariyan, MD, New Haven, Conn . . . **Reduction of Sigmoid Volvulus by Flexible Sigmoidoscopy** John J. O'Connor, MD, Washington, DC . . . **Underlying Flaws in the Sarnoff Curve** Antonio Boba, MD, Bakersfield, Calif, Louis R. M. Del Guercio, MD, Valhalla, NY
