COMMENTARY

- Why Recertification?** 11
Arthur E. Baue, MD, New Haven, Conn

EDITORIAL

- Peripheral Vascular Surgical Education** 16
William J. Fry, MD, Dallas

ORIGINAL ARTICLES

- Gastric Bypass for Morbid Obesity: Preoperative and Postoperative Psychological Evaluation of Patients** 21
Edward C. Saltzstein, MD, El Paso, Tex, Mary C. Gutmann, PhD, Milwaukee
Patients without postoperative complications had significant psychological improvement.
Editorial comment by Ward O. Griffen, Jr, MD, PhD, Lexington, Ky
- Selective Intra-arterial Vasopressin Infusion for Upper Gastrointestinal Tract Hemorrhage: A Controlled Trial** 30
Andrew Mallory, MD; John W. Schaefer, MD; Jack R. Cohen, MD; Steve A. Holt, MD; Lawrence W. Norton, MD, Denver
Vasopressin infusion seemed to help stop the bleeding.
Editorial comment by Gardner W. Smith, MD, Baltimore
- Highly Selective Transgastric Vagotomy: Preliminary Report of a New Procedure** 33
Pan C. Petropoulos, MD, FRCS, Amsterdam
A transgastric intramural transection of all nerve fibers to the fundus was effective initially in 74 patients.
- Renal Allografts Retained In Situ After Failure** 42
Howard Silberman, MD; Terrence J. Fitzgibbons, MD; John Butler, MD; Thomas V. Berne, MD, Los Angeles
Nonfunctioning renal allografts were left in place in patients without symptoms.
- Annular Pancreas: Mayo Clinic Experience From 1957 to 1976 With Review of the Literature** 46
Paul D. Kiernan, MD; Stephen G. ReMine, MD; Paul C. Kiernan, MD; William H. ReMine, MD, Rochester, Minn
Many patients with this problem have symptoms beginning in adult life.
- Emergent or Elective Operation for Symptomatic Abdominal Aortic Aneurysm** 51
George Johnson, Jr, MD; Noel B. McDevitt, MD; Herbert J. Proctor, MD;
Stanley R. Mandel, MD; Jack B. Peacock, MD, Chapel Hill, NC
Emergency operation on all patients with symptomatic aneurysms did not lower the mortality of those with ruptured aneurysms.
- A Comparison of the Use of Cephalothin and Oxacillin in Vascular Surgery** 56
Andrew R. L. May, FRCS; R. Clement Darling, MD; David C. Brewster, MD; Cynthia S. Darling, RN, MS, Boston
An extremely low incidence of infection can be achieved in vascular operations.
Editorial comment by William J. Fry, MD, Dallas
- Cholesterol Cholelithiasis in Adolescent Females: Its Connection With Obesity, Parity, and Oral Contraceptive Use—A Retrospective Study of 31 Cases** 62
Louis H. Honoré, MBChB, FRCP(C), St John's, Newfoundland
Cholesterol cholelithiasis was associated with obesity and parity.
- Electronic Flow Control and Roller Clamp Control in Intravenous Therapy: A Clinical Comparison** 70
Brack A. Bivins, MD; Robert P. Rapp, PharmD; Patricia Powers; John L. Butler, MS; Dennis Haack, PhD, Lexington, Ky
Electronic flow control was associated with fewer complications and more accurate fluid therapy.

THE ARCHIVES OF SURGERY (ISSN 0004-0010) is published monthly by the American Medical Association, 535 N Dearborn St, Chicago, IL 60610, and is an official publication of the Association. Second-class postage paid at Chicago, IL 60610 and at additional mailing office.

CHANGE OF ADDRESS: POSTMASTER, send address changes to Helen R. Mazur, Director, Circulation-Fulfillment. Notification of address change should be sent at least six weeks in advance, including both old and new address and a mailing label taken from the most recent copy. Include your new zip code number.

SUBSCRIPTION RATES: The rates for the ARCHIVES OF SURGERY are as follows: for members of the AMA, \$1.50, included in the annual membership dues; for nonmembers, \$24 for one year, \$40 for two years

in the United States and US possessions; all other countries, \$34 for one year, \$60 for two years. Special yearly price to residents, interns, and medical students in the United States and US possessions, one year, \$12; two years, \$20. Address all subscription communications to Circulation-Fulfillment Department. Phone: 312, 751-6079.

ADVERTISING OFFICES: 535 N Dearborn St, Chicago, IL 60610, Area Code 312, 751-6675; and 600 Third Ave, New York, NY 10016, Area Code 212, 867-6640.

ADVERTISING PRINCIPLES: Each advertisement in this issue has been reviewed and complies with the principles governing advertising in AMA scientific publications. A copy of these principles is available on request.

CONTENTS—Continued

CLINICAL NOTES

Resolution of Chylothorax After Positive End-Expiratory Pressure Ventilation	73
Theodore W. Kurtz, Chen H. Hsu, MD, Ann Arbor, Mich Drainage of chyle rapidly decreased after intubation, assisted ventilation and PEEP.	
Colonic Ganglioneuroma	75
Mary Catherine Bibro, MD; Robert K. Houlihan, MD; Daniel G. Sheahan, MB, MSc, New Haven, Conn A slow-growing lesion present in the colon for many years. Editorial comment by Ward O. Griffen, Jr, MD, Lexington, Ky	
Infected Dacron Mesorenal Portosystemic Shunt	81
Donald L. Kaminski, MD, St Louis, W. Dean Warren, MD, Atlanta Infection in a prosthesis in the venous system may occur without bleeding or thrombosis.	
Hemorrhage From a Meckel's Diverticulum: One Case With Heterotopic Gastric Mucosa Treated With Cimetidine	83
John C. Collins, Jr, MD, Fairhope, Ala Cimetidine given because of an ulcer history may have helped control bleeding.	
Cholelithiasis and Cholecystitis in Children After Repair of Congenital Duodenal Anomalies	85
George Tchirkow, MD, Lawrence M. Highman, MD, Cleveland; Alan D. Shafer, MD, Dayton, Ohio Intense fibrosis in the hepaduodenal area was found in these children.	
Colonic Exclusion Bypass Principle: Its Use in the Palliative Treatment of Malignant Duodenocolic and Gastrocolic Fistulas	87
Michael L. Steer, MD, Donald J. Glotzer, MD, Boston Exclusion bypass produced brief palliation in two patients.	
BRIEF CLINICAL NOTES	
Segmental Tuberculosis of the Colon Mimicking Carcinoma	90
Jegadees D. Devanesan, MD; Robert A. Sable, MD; C. S. Pitchumoni, MD, FRCP(C); Robert Lev, MD; Leonidas Zapiach, MD, New York A reminder that gastrointestinal tuberculosis still exists.	
Hepatic Artery Ligation for Delayed Hepatic Hemorrhage	92
William Pearce, MD; Ernest L. Dunn, MD; Ernest E. Moore, MD, Denver Hepatic arterial ligation was helpful in two patients with late bleeding from the liver.	
Spigelian Hernia: An Ultrasonic Diagnosis	93
Edwin A. Deitch, MD, Juliette M. Engel, MD, Seattle The diagnosis was established in a patient who did not have a palpable mass or a defect.	
Esophageal Leiomyoma First Seen as a Superior Mediastinal Mass	94
William A. Baumgartner, MD, James B. D. Mark, MD, Stanford, Calif A large tumor was present that did not produce symptoms.	
EXPERIMENTAL SURGERY	
Hypothermic Pulsatile Perfusion: Its Use in the Preservation of Pancreases for 24 to 48 Hours Before Islet Cell Transplantation	95
Luis H. Toledo-Pereyra, MD, PhD, Krishna D. Valgee, MD, Detroit; Javier Castellanos, MD, Manuel Chee, MD, Minneapolis Prolonged preservation of islet cells by perfusion techniques is not as yet uniformly successful.	
Failure of Immunosuppression to Prolong Venous Allograft Survival	99
John J. Ricotta, MD, Baltimore; Lt Col George J. Collins, Jr, MC, USA; Col Norman M. Rich, MC, USA; Lt Col David G. Reynolds, PhD, MSC, USA, Washington, DC Further study should be directed toward prevention of thrombosis until graft repopulation occurs.	
TECHNIQUE	
Remote Hydraulic Syringe Actuator: Its Use to Avoid Radiation Exposure During Intraoperative Arteriography	105
Herbert Dardik, MD; Michael Smith, MS, BME; Ibrahim M. Ibrahim, MD; Barry Sussman, MD; Irving I. Dardik, MD, Englewood, NJ This system allows safe injection from outside the operating room.
