

EDITORIAL

- Cost Containment** 571
 Claude E. Welch, MD, Boston

PAPERS PRESENTED AT THE 3RD ANNUAL MEETING OF THE ASSOCIATION OF VETERANS ADMINISTRATION SURGEONS, MAY 7-8, 1979, SALT LAKE CITY

- Postoperative Occlusion After Carotid Endarterectomy** 573
 William D. Turnipseed, MD; Herbert A. Berkoff, MD; Andrew Crummy, MD, Madison, Wis
 A high rate of postoperative carotid stenosis was found by non-invasive studies.
 Editorial comment by Allan D. Callow, MD, Boston

- Infected Prosthetic Grafts** 577
 Robert E. Casali, MD; William E. Tucker, MD; Bernard W. Thompson, MD; Raymond C. Read, MD, PhD, Little Rock, Ark
 Initial antibiotics, then extra-anatomic bypass, followed by delayed graft excision are recommended.

- Common Duct Stricture From Chronic Pancreatitis** 582
 Joseph Yadegar, MD; Russell A. Williams, MD; Edward Passaro, Jr, MD; Samuel E. Wilson, MD, Los Angeles
 A bypass operation such as choledochoduodenostomy is necessary if biliary obstruction develops.

- Thyroidography in Evaluation of Thyroid Disease** 588
 Madhira D. Ram, MD, PhD; Gordon Hyde, MD; Ward O. Griffen, MD, PhD, Lexington, Ky
 This technique provides additional information about the thyroid gland and lymph nodes in the neck.
 Editorial comment by Hastings K. Wright, MD, New Haven, Conn

- Increased Cardiac Output and Oxygen Transport After Intraoperative Isovolemic Hemodilution: A Study in Patients With Peripheral Vascular Disease** 597
 Dhiraj M. Shah, MD, Mervyn N. Prichard, MD, Albany, NY; Jonathan C. Newell, PhD, Troy, NY; Allastair M. Karmody, MD; William A. Scovill, MD; Samuel R. Powers, Jr, MD, Albany, NY
 This effect, due to increased stroke volume from a decrease in after load, may be beneficial in such patients.

- Effect of Intra-arterial Vasodilators on Blood Flow in Ischemic Dog Colon** 602
 Russell A. Williams, MB, BS, FRACS, Samuel E. Wilson, MD, FACS, Los Angeles
 Papaverine and tolazoline increased the clearance of radioxenon from ischemic colon.

- Perioperative Assessment of Segmental Left Ventricular Function in Man: Effects of Nitroprusside After Bypass Operations** 609
 Ronald C. Hill, MD; W. Randolph Chitwood, Jr, MD; James D. Sink, MD; Jim L. Cox, MD; Andrew S. Wechsler, MD, Durham, NC
 Pulse-transit sonomicrometry was a precise, safe method for measuring left ventricular function postoperatively in man.

ORIGINAL ARTICLES

- Limb Blood Flow: The Influence of Temperature During Halothane-Nitrous Oxide Anesthesia** 616
 A. Eugene Pflug, MD; Charlene Foster, RN, MN; Roy W. Martin, PhD; Peter M. Winter, MD, Seattle
 Warmed anesthetic gases maintained normal limb blood flow during operation.
 Editorial comment by Jerome H. Modell, MD, Gainesville, Fla

- Septal Wall Motion: Its Significance on Outcome of Left Ventricular Scar Resection** 624
 Carlos A. Schmidt, MD; Leonard L. Bailey, MD; Ellsworth E. Wareham, MD, Loma Linda, Calif
 Absence of ventricular septal wall motion had no effect on outcome of operation.
 Editorial comment by Floyd D. Loop, MD, Cleveland

- Use of Labial Tissue in Repair of Urethrovaginal Fistula and Injury** 628
 Robert S. Davis, MD; Charles A. Linke, MD; George K. Kraemer, MD, Rochester, NY
 This pedicle of fat or fat with mucosa can be helpful in separating the urethra and vagina.
 Editorial comment by John S. Welch, MD, Rochester, Minn

THE ARCHIVES OF SURGERY (ISSN 0004-0010) is published monthly by the American Medical Association, 535 N Dearborn St, Chicago, IL 60610, and is an official publication of the Association. Second-class postage paid at Chicago, IL 60610 and at additional mailing office.

CHANGE OF ADDRESS: POSTMASTER, send address changes to Helen R. Mazur, Director, Circulation-Fulfillment. Notification of address change should be sent at least six weeks in advance, including both old and new address and a mailing label taken from the most recent copy. Include your new zip code number.

SUBSCRIPTION RATES: The rates for the ARCHIVES OF SURGERY are as follows: for members of the AMA, \$1.50, included in the annual membership dues; for nonmembers, \$24 for one year, \$40 for two years

in the United States and US possessions; all other countries, \$34 for one year, \$60 for two years. Special yearly price to residents, interns, and medical students in the United States and US possessions, one year, \$12; two years, \$20. Address all subscription communications to Circulation-Fulfillment Department. Phone: 312, 751-6079.

ADVERTISING OFFICES: 535 N Dearborn St, Chicago, IL 60610, Area Code 312, 751-6675; and 600 Third Ave, New York, NY 10016, Area Code 212, 867-6640.

ADVERTISING PRINCIPLES: Each advertisement in this issue has been reviewed and complies with the principles governing advertising in AMA scientific publications. A copy of these principles is available on request.

CONTENTS—Continued

Tender Pulsatile Abdominal Mass: Abdominal Aortic Aneurysm or Not?	631
Saadoun Kadir, MD; Christos A. Athanasoulis, MD; David C. Brewster, MD; Ashby C. Moncure, MD, Boston	
The importance of arteriography for patients with symptomatic pulsatile abdominal masses is emphasized.	
Esophagogastrotomy in Continuity for Carcinoma of the Esophagus: Its Use for Unresectable Tumors of the Lower Third of the Esophagus and Cardia	637
Julio Popovsky, MD, Cleveland	
Anastomosis of the fundus of the stomach to the side of the esophagus provides satisfactory palliation.	
Editorial comment by F. Henry Ellis, Jr, MD, PhD, Boston	
Oral Cholecystography in Assessment of Acute Abdominal Pain	642
Gardner W. Smith, MD; Thomas J. Bixler, MD; Sylvester Sterloff, MD, Baltimore	
Oral cholecystography is often useful within a few days of onset of acute upper abdominal symptoms.	
Wound Infections After Transplant Nephrectomy	645
William I. Kohlberg, MD; Vivian A. Tellis, MD; Dinesh J. Bhat, MD; Barry Driscoll, MD; Frank J. Veith, MD, New York	
Delayed primary closure in contaminated wounds, and perioperative antibiotics in clean closed wounds reduced infection.	
Editorial comment by Israel Penn, MD, Denver	
Insulinoma: Experience in Surgical Treatment	647
Tseng Hsien-chiu, MD; Wu Wei-jan, MD; Chu Yu, MD; Liu Tung-Lua, MD, Beijing, PR China	
A controlled, staged pancreatic resection is proposed when no tumor is found at exploration.	
Value of Needle Biopsy in Outpatient Diagnosis of Breast Cancer	652
Ian S. Fentiman, MD, FRCS; Rosemary R. Millis, MRCPPath; John L. Hayward, FRCS, London	
A diagnosis of breast cancer was made in most patients suspected of having malignancy.	
SPECIAL ARTICLE	
The American Board of Surgery In-Training Examination	654
Martin E. Grosse, PhD; George E. Cruft, MD; F. William Blaisdell, MD, Davis, Calif	
A review of five years experience indicates the usefulness of this examination for Residents and Program Directors.	
CLINICAL NOTES	
Suprahepatic Gallbladder With Hypoplasia of the Right Lobe of the Liver	658
Joel Faintuch, MD, FACS, FICS; Marcel C. C. Machado, MD, FACS, FICS; Arrigo A. Raia, MD, FACS, FICS, São Paulo, Brazil	
An abnormality in development of the liver may be the cause for the location of the gallbladder.	
Multiple Perforations of Colon After Compressed Air Injury	660
Suresh Raina, MD, George W. Machiedo, MD, Newark, NJ	
The perforations did not produce difficulty until five days after the original injury.	
Embolization of Extensive Peripheral Angiodysplasias: The Alternative to Radical Surgery	665
Patrick F. Joyce, MB, BCH, BAO, BSc, FRCR; Murali Sundaram, MB, BS, FRCR; M. Afzal Riaz, MB, BS, FRCR; Michael K. Wolverson, MB, BS, MRCP, FRCR; Hendrick B. Barner, MD; Robert J. Hoffman, MD, St Louis	
Embolization with Gelfoam may be helpful when hemodynamic complications develop.	
TECHNIQUES	
The Carotid-Carotid Bypass Graft	669
Frank D. Manart, MD, Richard F. Kempczinski, MD, Denver	
An alternate approach when an axillary-axillary or subclavian-carotid graft cannot be done.	
Editorial comment by Calvin B. Ernst, MD, Baltimore	
Minilaparoscopy for Blunt Abdominal Trauma	672
Richard Sherwood, MD; George Berci, MD; Edward Austin, MD; Leon Morgenstern, MD, Los Angeles	
A modified technique for use in the emergency room has been found to be helpful.	
EXPERIMENTAL SURGERY	
Skin Wound Closure: The Effect of Various Wound Closure Methods on Susceptibility to Infection	674
Richard M. Stillman, MD; Frank J. Bella; Stephen J. Seligman, MD, Brooklyn, NY	
A method to decrease infection from postoperative surface contamination is evaluated.	
REGULAR DEPARTMENTS	
Correspondence and Brief Communications	676
Colonic Ganglioneuroma Raymond F. Crystal, MD, Morristown, NJ . . . Gastrointestinal Symptoms Alan J. Greenwald, MD, Birmingham, Ala; George C. Hoffman, MD, John H. Vansant, MD, Norfolk, Va . . . Billirubin Crystals in Pleural Fluid Michael E. Burt, MD; John A. Long, Jr, MD; M. Wayne Flye, MD, Bethesda, Md	
Calendar of Events	680
Books	681
Techniques in Vascular Surgery (Cooley and Wukasch) Reviewed by M. David Tilson, MD, New Haven, Conn . . . Orthopaedics (Bentley, ed) Reviewed by Gary E. Friedlaender, MD, New Haven, Conn
