EDITORIAL

- The Blown Duodenal Stump: An Avoidable Complication** 693
E. R. Woodward, MD, Gainesville, Fla

ORIGINAL ARTICLES

- An Evaluation of the Staging Laparotomy in Hodgkin's Disease** 694
Timothy P. O'Holleran, MD, George J. Mastio, MD, Wichita, Kan
Staging laparotomy in Hodgkin's disease should be reserved for carefully selected patients.
Editorial comment by Jerome J. DeCosse, MD, New York
- Parietal Cell Vagotomy: Its Effect on Lower Esophageal Sphincter Function** 699
John W. Braasch, MD; Louis E. Sala, MD; F. Henry Ellis, Jr, MD; Robert E. Crozier, MD, Boston
Amplitude, length, and adaptive response of the LES were unchanged by vagotomy.
- Incidence of Hypercalcemia and Malignant Neoplasm** 704
Michael E. Burt, MD, Murray F. Brennan, MD, Bethesda, Md
Hematologic and solid neoplasm were the most common cause of hypercalcemia.
- Narcotic Anesthetic Drugs: Their Effect on Biliary Dynamics** 710
Peter Murphy, MD; Jacob Salomon, MD, MS; David L. Roseman, MD, MS, Chicago
The assessment of biliary tract resistance requires use of an appropriate anesthetic agent.
- Balloon Dilation of Iliac Stenosis With Distal Arterial Surgery** 715
Jeffrey R. Alpert, MD; Ernest J. Ring, MD; David B. Freiman, MD; Juan A. Oleaga, MD;
Roy Gordon, MD; Henry D. Berkowitz, MD; Brooke Roberts, MD, Philadelphia
Dilation of short, proximal stenoses allowed distal reconstruction in patients with combined iliac and femoral disease.
- Prognostic Value of Lymph Node Dissection in Malignant Melanoma** 719
Constantine P. Karakousis, MD; Mohammad K. Seddiq, MD; Robert Moore, MS, Buffalo
Length of survival was related to the number of nodes involved.
- Femoropopliteal Bypass Grafting for Intermittent Claudication: Is Pessimism Warranted?** 724
Magruder C. Donaldson, MD, John A. Mannick, MD, Boston
Femoropopliteal grafting now offered to any active individual disabled by claudication.
Editorial comment by William J. Fry, MD, Dallas
- Surface Powders on Surgical Gloves** 729
Thomas Warren Tolbert, PhD, Greenwood, SC, John Lee Brown, Atlanta
Talc was present on the patient-contact surface of many surgical gloves.
- Transfusion and Renal Allograft Survival: Beneficial Effect of Transfusions Given on Day of Transplantation** 737
Lawrence G. Hunsicker, MD; Liem S. Oei, MD; Richard M. Freeman, MD; John S. Thompson, MD;
Robert J. Corry, MD, Iowa City
The benefits of transfusion with minimal risk of sensitization can be obtained by transfusion during transplantation.
- Painful Neuromas in Long Below-Elbow Amputees** 742
Dean S. Louis, MD; Letha Y. Hunter, MD; Thomas M. Keating, MD, Ann Arbor, Mich
Proximal nerve ligation will eliminate these problems.
Editorial comment by Eugene E. Record, MD, Boston
- Treatment of Surgical Emergencies With and Without an Algorithm** 745
Judith A. Hopkins, RN; William C. Shoemaker, MD; Sheldon Greenfield, MD; Potter C. Chang, PhD;
Timothy McAuliffe, MS; Ronald W. Sproat, MD, Torrance, Calif
Preliminary results indicate that branching-chain logic methodology may be useful in an emergency department.
- Varicella-Zoster Infections in Pediatric Renal Transplant Recipients** 751
John K. Hurley, MD; Toni Greenslade; Peter R. Lewy, MD; Yahya Ahmadian, MD; Casimir Firlit, MD, PhD, Chicago
Varicella infection is a serious threat for the child with a renal transplant.
- CLINICAL NOTES**
- Posttraumatic Herpes Zoster** 753
Richard S. Stahl, MD, William H. Frazier, MD, New Haven, Conn
The activation of herpes zoster by injury is described in three patients.

THE ARCHIVES OF SURGERY (ISSN 0004-0010) is published monthly by the American Medical Association, 535 N Dearborn St, Chicago, IL 60610, and is an official publication of the Association. Second-class postage paid at Chicago, IL 60610 and at additional mailing office.

CHANGE OF ADDRESS: POSTMASTER, send address changes to Helen R. Mazur, Director, Circulation-Fulfillment. Notification of address change should be sent at least six weeks in advance, including both old and new address and a mailing label taken from the most recent copy. Include your new zip code number.

SUBSCRIPTION RATES: The rates for the ARCHIVES OF SURGERY are as follows: for members of the AMA, \$1.50, included in the annual membership dues; for nonmembers, \$24 for one year, \$40 for two years

in the United States and US possessions; all other countries, \$34 for one year, \$60 for two years. Special yearly price to residents, interns, and medical students in the United States and US possessions, one year, \$12; two years, \$20. Address all subscription communications to Circulation-Fulfillment Department. Phone: 312, 751-6079.

ADVERTISING OFFICES: 535 N Dearborn St, Chicago, IL 60610, Area Code 312, 751-6675; and 600 Third Ave, New York, NY 10016, Area Code 212, 867-6640.

ADVERTISING PRINCIPLES: Each advertisement in this issue has been reviewed and complies with the principles governing advertising in AMA scientific publications. A copy of these principles is available on request.

CONTENTS—Continued

Contaminated Renal Allografts	755
Peter J. Bore, FRCS; Prodig K. Basu, FRCS, Liverpool, England; Christopher J. Rudge, FRCS, London; Robert A. Sells, FRCS, Liverpool, England	
The dire consequences of contaminated renal allografts are described.	
Congenital Atresia of the Uterine Cervix With Pelvic Endometriosis	757
Wallace C. Nunley, Jr, MD, James D. Kitchin III, MD, Charlottesville, Va	
With primary amenorrhea and no visible cervix early operation should be carried out.	
Surgical Implications of Behçet's Disease	759
Lawrence L. Ketch, MD; Charles A. Buerk, MD; R. Dale Liechty, MD, Denver	
Colonic lesions with this disease may require operative treatment.	
Ileosigmoid Knot	761
Kyle R. VerSteege, MD, William A. Whitehead, MD, Temple, Tex	
A form of volvulus in which a loop of ileum wraps around the base of an elongated sigmoid colon.	
Lithopedion: Stone Baby	764
Charles J. Fagan, MD; Melvyn H. Schreiber, MD; Eugenio G. Amparo, MD, Galveston, Tex	
Two examples of dead extrauterine fetuses which became calcified.	
Extra-anatomical Bypass of Iliac Vein Obstruction: Use of a Synthetic (Expanded Polytetrafluoroethylene [Goretex]) Graft	767
Alexander W. Clowes, MD, Cleveland	
A distal A-V fistula for dialysis undoubtedly contributed to patency of the graft.	
BRIEF CLINICAL NOTE	
Invasive Primary Cutaneous Phycomycosis in Diabetic Leg Ulcers	770
J. Walton Tomford, MD; Diana Whittlesey, MD; Jerrold J. Ellner, MD; Joseph F. Tomaszewski, Jr, MD, Cleveland	
This fungus can cause or complicate diabetic leg ulcers.	
EXPERIMENTAL SURGERY	
Regeneration of the Spleen After Ectopic Implantation and Partial Splenectomy	772
F. Enrique Alvarez, MD, Ralph S. Greco, MD, Piscataway, NJ	
Small splenic remnants attached only to short gastric vessels regenerated into spleens with normal architecture. Editorial comment by Harris B. Shumacker, Jr, MD, Indianapolis	
Peritoneal Adhesions: Prevention With the Use of Hydrophilic Polymer Coatings	776
Eugene P. Goldberg, PhD, John W. Sheets, Gainesville, Fla; Mutaz B. Habal, MD, FRCS(C), Tampa, Fla	
Evidence shows that adhesions can be decreased by protecting the bowel before manipulation.	
TECHNIQUES	
Polymer Membrane Covering of Eviscerated Bowel in Neonate	781
Sigmund H. Ein, MD, FACS, FRCS(C), Barry Shandling, MB, ChB, FRCS(Eng C), FRCS, Toronto	
The polymer membrane was helpful when Silon pouches separated prematurely from the skin.	
Combined Carotid-Vertebral Vascular Disease: A New Surgical Approach	783
James M. Malone, MD; Wesley S. Moore, MD; Robert Hamilton, MD; Michael Smith, MD, Tucson, Ariz	
A single incision can be used in the rare circumstance when both vessels require simultaneous reconstruction.	
Redirection of Misplaced Central Venous Catheters	789
Craig J. Schaefer, MD, Glenn W. Geelhoed, MD, FACS, Washington, DC	
A Fogarty catheter was helpful in redirecting central venous conduits.	
Henri Hartmann and the Hartmann Operation	792
Eric R. Sanderson, MD, Seattle	
The original procedure carried out by Hartmann was a resection for carcinoma of the sigmoid colon.	
Improved Technique for Insertion of Intra-aortic Balloon Pump	794
Bruce S. Cutler, MD, Thomas J. Vander Salm, MD, Worcester, Mass	
The smooth inner surface and pliability of a PTFE graft facilitate balloon insertion.
