

CONTENTS OF VOLUME 66

JANUARY 1953. NUMBER 1

	PAGE
Observations on Effect of Methantheline (Banthine®) Bromide in Urological Disturbances. Jack Lapidès, M.D., and Austin I. Dodson Jr., M.D., Ann Arbor, Mich.....	1
Gastrointestinal Hemorrhage from Benign Tumors of the Duodenum. John D. Briggs, M.D., and John F. Roberts, M.D., Los Angeles.....	10
Variational Anatomy of the Hepatic, Cystic, and Retroduodenal Arteries: A Statistical Analysis of Their Origin, Distribution, and Relations to the Biliary Ducts in Two Hundred Bodies. Nicholas A. Michels, D.Sc., Philadelphia.....	20
Evaluation of Trichloroethylene as an Anesthetic and Analgesic Agent. William K. Nowill, M.D.; C. Ronald Stephen, M.D., Durham, N. C., and Paul W. Searles, M.D., M.S., Buffalo	35
New Technique of Surgical Management of the Patent Ductus Arteriosus. Harry A. Davis, M.D., Los Angeles.....	48
Diaphragm Pump for Artificial Circulation, Tyson-Bowman Pump. James L. Southworth, M.D.; E. Converse Peirce II, M.D., Baltimore; Thomas Tyson, Richmond, Va., and Robert L. Bowman, M.D., Bethesda, Md.....	53
Subacute and Chronic Osteomyelitis: Treatment with Use of Chemotherapeutic Agents, Antibiotics, and Primary Closure; Follow-up Report. Frank D. Dickson, M.D.; Rex L. Diveley, M.D., and Richard H. Kiene, M.D., Kansas City, Mo.....	60
Surgical Management of Shoulder Girdle Syndromes: New Operative Procedure for Hyperabduction, Costoclavicular, Cervical Rib, and Scalenus Anticus Syndromes. Jere W. Lord Jr., M.D., New York.....	69
New Concept of Vesical Innervation: Relationship of Vesical Innervation to Bladder Management Following Abdominoperineal Proctosigmoidectomy. Lowrain E. McCrea, M.D., and Donald L. Kimmel, Ph.D., Philadelphia.....	84
Relationship Between Benign Breast Disease and Cancer. Edward F. Lewison, M.D., Baltimore, and John G. Lyons Jr., M.D., Hartford, Conn.....	94
Midhigh Amputations for Arteriosclerotic and Diabetic Gangrene: Analysis of One Hundred Thirteen Consecutive Amputations in One Hundred Eight Patients, 1939 to 1952. Louis Carp, M.D., New York.....	115
Case Reports:	
Studies in Strangulation Obstruction: III. Recovery of an Abnormal Hemin Pigment in the Human. Isidore Cohn Jr., M.D., M.Sc. (Med.); Herbert R. Hawthorne, M.D.; Paul Nemir, M.D., and David L. Drabkin, M.D., Philadelphia.....	126

FEBRUARY 1953. NUMBER 2

Artificial Vagina: Preliminary Report of a New Combined Anatomic, Mechanical, and Endocrine Approach. Walter J. Reich, M.D.; Mitchell J. Nechtow, M.D.; Harold E. Silverman, M.D.; Alvin Kurzon, M.D.; Jerome B. Reich, M.D., and M. William Rubenstein, M.D., Chicago.....	129
Blood Transfusions in Hemorrhage from a Severed Artery: Experimental Study. Henry W. Mayo Jr., M.D., and Louie B. Jenkins, M.D., Charleston, S. C.....	137
Treatment of Neurogenic Urinary and Fecal Incontinence in Children. Robert E. Gross, M.D.; George W. Holcomb Jr., M.D., and Henry Swan, M.D., Boston.....	143

FEBRUARY—Continued

	PAGE
Strangulated Diaphragmatic Hernia: Report of Four Cases. Seibert Pearson, M.D., Long Beach, Calif.....	155
Acute Bowel Obstruction: Forty Years After Blunt Trauma. Preston J. Burnham, M.D., Salt Lake City.....	167
Acute Appendiceal Abscess Simulating Cecal Neoplasm. Frank Ciampa, M.D.; G. Stanley Miles, M.D., and Lawrence Andreson, M.D., Somerville, Mass.....	171
Complete Homologous Heart Transplantation. Wilford B. Neptune, M.D.; Brian A. Cookson, M.B., Ch.B. (Edin.); Charles P. Bailey, M.D.; Ruth Appler, R.N., and Frank Rajkowski, B.S., Philadelphia.....	174
Homologous Heart Grafts: I. Technique of Interim Parabolic Perfusion. II. Transplantation of the Heart in Dogs. Emanuel Marcus, M.D., Ph.D.; Samuel N. T. Wong, M.D., and Aldo A. Luisada, M.D., with the Technical Assistance of W. C. Liu, M.D., Chicago	179
Postgastrectomy Stricture of the Efferent Loop and Its Treatment. Joseph K. Narat, M.D., and Louis A. Manelli, M.D., Chicago.....	192
Cancer of the Colon and Rectum: Analysis of Eighty Cases. Louis T. Palumbo, M.D.; Leroy J. Fox, M.D., and P. J. Monnig, M.D., Des Moines, Iowa.....	198
Carcinoma of the Colon and Rectum: Review of Four Hundred Sixty-One Necropsy Cases at Cook County Hospital from 1929 to 1952. Stanford W. Ascherman, M.D., Chicago	208
Pump Circuit for Experimental Intracardiac Surgery of the Left Heart. E. Converse Peirce II, M.D., and James L. Southworth, M.D., Baltimore.....	218
Potassium Depletion in Dogs: Effect on Wound Healing, on Blood Protein and Electrolyte Levels, and on Response to Anesthesia. James D. Hardy, M.D., Memphis; Anne E. Borum, M.D.; Edward J. Pavsek, M.D.; John K. Robinson, M.D.; James E. Smith, M.D., and Arthur E. Zimmerman, M.D., Philadelphia.....	226
Diagnostic Lumbar Disk Puncture: Clinical Review and Analysis of Sixty-Seven Cases. L. Walk, M.D., Eskilstuna, Sweden.....	232
Subtotal Adrenalectomy for Cushing's Syndrome. Waltman Walters, M.D., Rochester, Minn.	244
Case Reports:	
Gastric Resection Followed by Gangrene of the Duodenum and Jejunum with Recovery. John E. Sutton, M.D., New York.....	253
Resection of Left Lobe of Liver for Echinococcus Cyst. R. Richard Renner, M.D., Cleveland; Fred Roemer, M.D., Bedford, Ohio, and Lewis O. Telle, M.D., Cleveland....	257
Choledochoduodenal Fistula Secondary to Duodenal Ulcer. Commander J. L. Yon (MC), U.S.N., and Captain L. G. Bell (MC), U.S.N.....	260

MARCH 1953. NUMBER 3

Editorials:

The Long-Term Preservation of Red Blood Cells. Barnes Woodhall, M.D.....	265
Recovery and in Vivo Survival of Human Red Cells: Studies of Red Cells After Storage up to Six and One-Fourth Months at Subzero Temperatures. Ivan W. Brown Jr., M.D., and Hilliard F. Hardin, M.A. Durham, N. C.....	267
Microbiologic Flora of Chronic Cutaneous Ulcers: In Vitro Sensitivity of Microbiologic Flora to Three Antibiotics, Penicillin, Streptomycin, and Bacitracin. Edward E. Vicher, Ph.D.; John W. Soska, and George Gee Jackson, M.D., Chicago.....	283
Ascending Erect Phlebography: Management of Chronic Venous Insufficiency of Lower Extremity. E. M. Colvin, M.D., Spartanburg, S. C.; J. Frank Walker, M.D., Chamblee, Ga., and Horace D. Smith, M.D., Long Beach, Calif.....	292
Intestinal Obstruction Resulting from Biliary Calculi (Gallstone Ileus). Samuel Shore, M.D.; Harry H. Jacob, M.D., and Jack A. Cannon, M.D., Los Angeles.....	301
